

Jacky Perrenot completes the acquisition of Vos Logistics and strengthens its European footprint

Jacky Perrenot finalizes acquisition of Vos Logistics and strengthens its European footprint

French group Jacky Perrenot announces the completion of its acquisition of Dutch company Vos Logistics, following the receipt of all required regulatory approvals.

A recognized player in transport and logistics in Europe, Vos Logistics has established itself as a specialist in logistics, Benelux distribution, international transport and freight forwarding. This strategic transaction allows Jacky Perrenot to significantly extend its European network and enhance its ability to support its clients on an international scale.

Scaling up to serve customers better

With this acquisition, the combined entity achieves nearly €1.7 billion in revenue and brings together over 12,000 employees across Europe.

This transaction is in line with the group's ongoing international development strategy and represents a milestone in achieving its goal of €2 billion in revenue by 2027.

The merger with Vos Logistics strengthens the group's presence in Northern and Central Europe, while consolidating its positions on international flows and complex supply chains.

A new momentum in Europe: launch of Vos Logistics by JP

This acquisition enables Jacky Perrenot to enhance its positioning with manufacturers, distributors, and e-commerce players, by providing comprehensive solutions tailored to the needs of European customers.

Philippe Givone, Chairman of the Jacky Perrenot Group, stated:

"This acquisition marks a major step in our development. It enables us to reach a new level of growth in Europe and to offer our clients an even more complete and competitive range of services."

Philippe Cuoc, CEO of the Jacky Perrenot Group, added:

"Vos Logistics is a powerful accelerator that will help us support the transformation of our industry and strengthen our presence in key European markets."

Frank Verhoeven, CEO of Vos Logistics, commented:

"This marks the opening of a new chapter for Vos Logistics. By joining Jacky Perrenot, we will be able to accelerate our growth while preserving what makes us strong: close customer relationships."

A gradual merger based on complementary services

In a context shaped by increasing international flows, more complex supply chains, and growing environmental requirements, this merger allows both groups to offer integrated logistics solutions on a European scale, enhance their operational performance and agility, and accelerate their commitments to the energy transition.

Both companies have strong cultural alignment and complementary strengths, and the goal is to preserve local expertise while developing operational and commercial synergies across Europe.

Building a more sustainable European logistics model

With this transaction, Jacky Perrenot confirms its ambition to become a leading player in transport and logistics in Europe. This acquisition strengthens the group's ability to support its customers' international growth with more integrated, reliable, and enhanced solutions. It also serves as a lever to accelerate its commitments to transport decarbonization.

| ABOUT THE JACKY PERRENOT GROUP

The Jacky Perrenot Group is one of France's leading transport and logistics companies, generating over €1.7 billion in revenue. It operates more than 12,000 vehicles and relies on a network of over 210 sites across Europe, including around fifteen logistics-dedicated platforms representing over 500,000 square meters of warehouse space. Leveraging its expertise in B2B transport, logistics, urban delivery, and home delivery, the group supports manufacturers, distributors, and e-commerce businesses with high-performance and responsible solutions. Committed to the energy transition, Jacky Perrenot is developing an innovative, sustainable logistics model built on close customer relationships.
